

Za’atari: SGBV – Field Sub-Working Group:

District Level - SGBV Focal Points (ToR)

Objective and Introduction:

The Za’atari District level SGBV Focal Point system is established by the Za’atari SGBV field sub-working group. Its aim is to mainstream SGBV at the district levels, improve integration and coordination of operational prevention and response initiatives, and ensure better quality delivery and advocacy through strengthen information sharing. Through the SGBV focal point systems the SGBV field sub-working groups in Za’atari promotes a more coherent, comprehensive and inclusive SGBV approach in Za’atari where issues raised at the district level can be more timely and effectively be addressed.

Functions and Responsibilities:

The SGBV focal point is either and active SGBV field sub-working group member and/or a specialised SGBV professional serving for a SGBV field sub-working group member organisation. The SGBV focal point commits to:

- Weekly attend and represent the SGBV Za’atari field sub-working group at the assigned district meetings,
- Regularly update the SGBV field sub-working group members and the district level members on the issues discussed;
- Document and share with the SGBV field sub-working group and the SGBV chair inputs in need of immediate follow-up and action;
- Share overall situation analysis i.e. needs, gaps and response on issues related to the SGBV at the district level and provide suggestion and recommendation for addressing those issues;
- Support coordination and integration of SGBV prevention and response initiatives.

List of District Level meetings and assigned focal points annexed. List to be regularly updated. In case of “drop-out”, SGBV focal points to inform the group for replacement.
