

In November 2017, 3RP partners involved in 3RP response in Egypt have provided **11,633 curative** and preventive Primary Healthcare consultations to Syrian girls, boys, women and men. Among those, **4,975 patients** were followed up and received monthly treatment for their non-communicable diseases. Also, **1,936 under 5** girls and boys received routine immunization and growth monitoring services. Data on referrals to secondary and tertiary healthcare, including life-saving emergency is not available for November due to termination of partnership with AMU.

Within the resilience component, 3RP partners continued to provide support to **208 primary** healthcare facilities in Greater Cairo and Alexandria. Additionally, capacity building training on integration of mental health and NCDs as well on cold chain management was provided to **252** MoHP healthcare professionals in Greater Cairo, Alexandria, Damietta and Sharkeya

Note: These dashboards reflect the achievements for the 3RP partners including UN agencies, and NGOs involved in the 3RP response in Egypt. Progress and target may change in line with the data revisions. All data on this dashboard is current as at 30 November 2017.
