

In December 2017, 3RP partners involved in 3RP response in Egypt have provided 7,956 curative and preventive Primary Healthcare consultations to Syrian girls, boys, women and men. Among those, 3,831 patients were followed up and received monthly treatment for their non-communicable diseases. Also, 1,590 under 5 girls and boys received routine immunization and growth monitoring services. Beyond the primary healthcare level, 303 referrals to secondary, tertiary and emergency care were provided to those in need among them 123 referrals were life-saving emergencies.

Within the resilience component, 3RP partners supported 139 public healthcare facilities. Additionally, capacity building training on enhancing Early Warning and Reporting Network (EWARN) for early detection of communicable diseases was provided to 107 MoHP healthcare professionals in Greater Cairo, Aswan, Damietta and Sharkeya.

Note: These dashboards reflect the achievements for the 3RP partners including UN agencies, and NGOs involved in the 3RP response in Egypt. Progress and target may change in line with the data revisions. All data on this dashboard is current as at 31 December 2017.

\*\* \* All UNFPA indicators have Zero values due to unavailability of funds till the time of reporting.
