

# YEMEN

29 July 2021

## KEY FIGURES

**20.7 million** people in need

Over **4 million** internally displaced

Over **80 per cent** have been displaced for more than a year

**40,824** individuals (6,804 families) newly displaced in 2021<sup>1</sup>

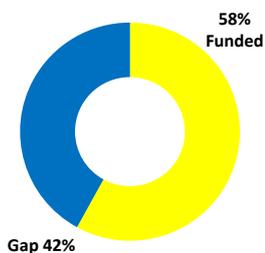

Children and women represent up to **79 per cent** of the total IDP population

**129,007** refugees

**11,675** asylum-seekers

## FUNDING

USD **271 M** required for 2021 operations

USD **157.2 M** received as of 27 July 2021

<sup>1</sup> IOM-RDT 6 July 2021

## IDP Response

On 12 - 13 July, 26 families (some 156 individuals) were displaced to Marib governorate due to intense fighting in neighbouring Al-Baydha. Rapid Response Mechanism kits—which include emergency food rations, basic hygiene kits and women’s dignity items—were distributed by UNHCR’s partner Al Bina’a Foundation for Development. In addition, UNHCR partner Society for Humanitarian Solidarity (SHS) distributed Non-Food Items (NFIs) to 76 households (378 individuals) and 110 Emergency Shelter Kits (ESKs) to newly displaced families in Marib.

During the reporting period, UNHCR partner Human Access assessed 946 households for their overall protection environment, causes of displacement and identified protection needs and risks in Marib for further interventions. Since 15 February 2021, Human Access has carried out 10,622 assessments in Marib. During the reporting period, UNHCR dispatched an assistance convoy containing 880 ESKs and 854 NFIs to cover the emergency needs of displaced families in Marib city. Human Access also deployed mobile teams to conduct rapid needs assessments and provide psychosocial support.

On 15 July, an interagency assessment mission was carried out with UNDSS, UNICEF, WFP, OCHA, UNHCR and facilitated by the DFA’s Supreme Council for the Coordination of Humanitarian Affairs (SCMCHA) to Al-Jawf governorate. The mission’s goal was to document and lower the security risk level for the areas surveyed—namely Al-Maton and Al-Hazm—from ‘very high’ to ‘high’ and thus open them up for future programming.

The fifth distribution of cash assistance for IDPs began on 15 July across the country. UNHCR distributed multipurpose cash assistance and rental subsidies targeting some 5,071 households in Sa’adah and Al-Jawf governorates, 3,345 households in Ibb, Taizz and Al Dhale’e governorates and 88,579 households in Marib governorate. As of July, UNHCR has disbursed USD 49.5 M to 144,300 households; overall in 2021, UNHCR plans to distribute USD 69 M in cash assistance to some 188,000 households.

## Refugee Response

Between 17 - 22 July, 221 individuals (131 refugees and asylum-seekers, as well as 90 Yemenis) received medical consultations and referrals at public health centres supported by UNHCR in Sana’a governorate. Beneficiaries were provided with several services including psychological counselling, case management for non-communicable diseases, antenatal care, and referrals to public and private hospitals for further specialized care.

During the reporting period, some 340 refugees, asylum-seekers and Yemenis benefitted from community outreach awareness sessions on nutrition, infant and young child feeding practices, general hygiene, and prevention of water-borne illnesses such as diarrhoea and cholera. Moreover, 300 brochures with information on prevention and control measures of infectious diseases such as COVID-19 were distributed.

Special thanks to our major donors for 2021: United States of America | Private Donors | Worldwide | Sheikh Thani Bin Abdullah Bin Thani Al-Thani Humanitarian Fund | Germany | CERF | Japan | UNO-Fluechtlingshilfe | Canada | Australia for UNHCR | France | Switzerland | Qatar | Private donors Canada | Republic of Korea | Qatar Charity | Other Private Donors. And major donors of unearmarked contributions: Norway | Sweden | Private Donors Spain | Netherlands | Denmark | Germany | Private donors Republic of Korea | France | Private donors Japan | Switzerland | Ireland | Belgium | Italy | Private Donors Sweden | Private Donors Italy.
