

### SITUATION UPDATE

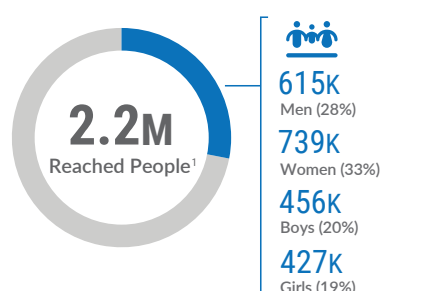

By the end of June 2022, humanitarian organizations had supported some 2.2 million women, men and children, or 66 percent of the people targeted in the 2022 Afghanistan Situation Refugee Response Plan (RRP) in Pakistan. In Khyber Pakhtunkhwa province, nearly all the 1.3 million persons identified as in need received at least one type of support. In the Federal Capital Territory, 24 percent of the target population have received support by time of reporting.

Response achievements over the first half of the year include over 1.8 million people reached with WASH and health support; 210,580 people were provided with protection services; 129,553 children and pregnant or breastfeeding women were provided with nutritional assistance; 80,009 people were provided with access to education services; 2,961 people reached through Livelihood support; and 4,240 acute malnutrition assessments were conducted.

### FUNDING FOR 2022 REFUGEE RESPONSE PLAN (US\$)<sup>2</sup>

**\$310.4M** FUNDS REQUESTED

**\$189.6M** FUNDING GAP

**39%** FUNDED

While 66% of the persons targeted under the 2022 RRP have been assisted at least once, many of these beneficiaries have additional unmet needs.

### RESPONSE OVERVIEW

#### Protection

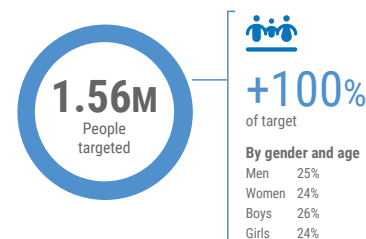

255,502 People provided general protection services  
7,902 Children received child protection services  
81,088 People received GBV services

#### Education

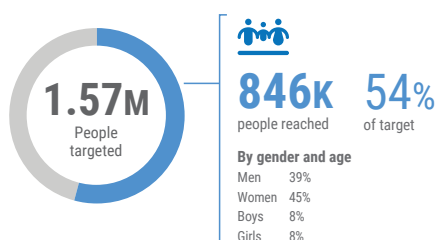

50,618 Children supported with access to primary education  
6,446 Children supported with access to secondary education  
14,309 Students supported to access non formal education  
46,384 Students and teachers provided with education supplies  
1,800 Individual who received CBI for educational purposes

#### WASH

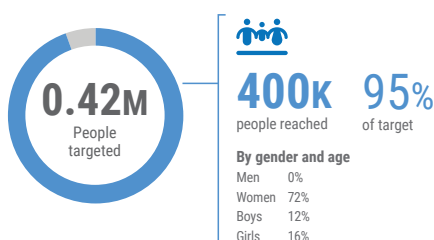

656,761 People reached with messages on safe and hygienic practices  
705,113 People reached through water supply system  
334,291 People reached through water quality testing  
423,701 Persons receiving hygienic supplies  
128,403 People reached through solarization of the water supply systems

#### Health

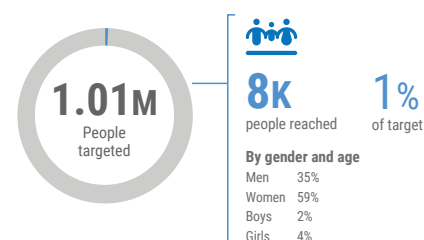

514,558 Persons covered through awareness raising activities  
310,781 People accessing healthcare in supported facilities  
10,417 Trained personnel of health care providers  
10,351 Women provided support for birth by skilled personnel

#### Nutrition

92,944 Children (6-59m) provided with MNS  
65,039 \*PLWs provided with IFAs  
41,516 \*PLWs provided with MNTs  
11,554 Acutely malnourished children treated at nutrition sites

#### Livelihoods

3,136 Individuals trained  
2,343 Individuals who received CBI for livelihoods purposes  
691 Individuals covered by awareness raising sessions  
620 Individuals benefiting from vocational training

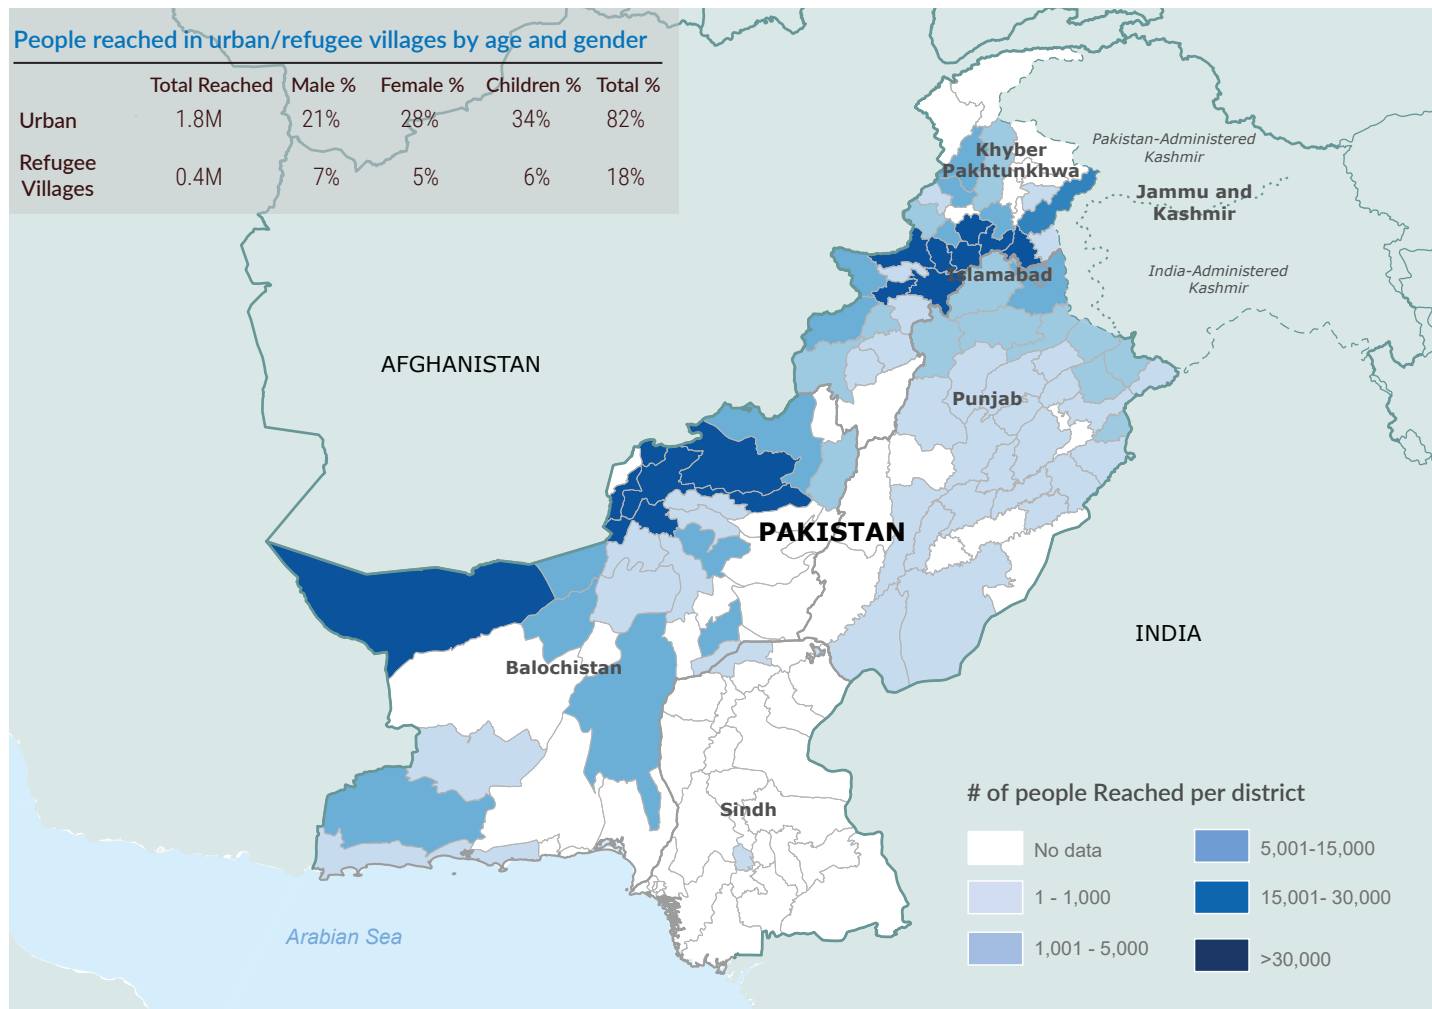

### Response by Geography
