UNHCR RESPONSE HIGHLIGHTS

Immediate assistance
- Life-saving humanitarian assistance to people affected by attacks is a priority for UNHCR and partners. On 8 September, UNHCR partner Proliska immediately arrived to the area hit by a missile in the city of Sumy, north-east Ukraine, where a two-storey residential building was destroyed, more than 20 houses and 8 vehicles were damaged, and a fire broke out affecting a large area. Proliska assisted 33 families with construction materials for quick repairs, including 10 emergency shelter kits (ESK), and 24 tarpaulin sheets, among others. 25 people received psychological assistance by Proliska psychologists.
- On 8 September, a missile strike on Zaporizhzhia city in southern Ukraine affected 30 apartment buildings. UNHCR’s partner Proliska immediately responded with construction materials for emergency repairs (OSB, tarpaulins) as well as psychological assistance to affected people.
- On 10 September, UNHCR partner Rokada quickly responded to a drone attack on Kyiv oblast, which damaged more than 200 houses, a village council, and a school in Olshanytsya village. Rokada delivered 10 emergency shelter kits to local authorities and building materials to restore public premises and conduct light and medium repairs of private houses.

Protection
- **GBV:** During the reporting period, UNHCR established a safe shelter and an integration hub for women and girls in Khustska Hromada, Zakarpatska oblast in western Ukraine, complementing efforts of UNFPA to establish GBV-related services in the Hromada. The integration hub will provide services including psychosocial support, child friendly spaces, legal aid, and livelihood activities. UNHCR partner NEEMIA will support the integration hub through refurbishment, and with equipment and furniture. NEEMIA will also work to capacitate social workers, psychologists, child protection specialists and career counsellors through the hub.
- **Livelihoods:** On 14 September, UNHCR organized a job fair in Uzhhorod city (western Ukraine). It was co-organised by UNHCR partner Neem and in cooperation with local authorities and administration. More than 40 local and relocated businesses, companies and enterprises working in various spheres participated in the job fair. Collectively, they are all ready to offer more than 900 vacancies for local and internally displaced residents of Zakarpatska oblast. INGOs such as Dorcas, People in Need Slovakia, IOM and UNFPA also participated in the event as well as UNHCR partner NGOs Proliska, NEEKA and Neemia.
- **Winterization response:** Through its Winterization plan in Ukraine, UNHCR will target 900,000 war-affected and displaced people. UNHCR will distribute rapid thermal kits for insulation of homes; install heaters; support collective sites to ensure readiness for winter; distribute essential winter items; provide cash for rent and energy needs during winter, as well as deliver generators whenever needs arise.
**Housing/NFIs**

- **Humanitarian convoys:** On 15 September, as part of an interagency convoy to Siversk, Donetsk oblast, UNHCR delivered 1,000 tarpaulins, 400 solar lamps and other non-food items (NFIs) to war-affected families.

- **Refurbishment of collective sites:** On 15 September, a newly renovated collective site opened in the city of Ivano-Frankivsk in western Ukraine. At full capacity, the refurbished site can accommodate 450 people. There are 76 rooms available for IDPs, as well as common spaces for residents’ gatherings and child-friendly spaces equipped with various leisure activities. UNHCR through partner Rokada provided NFIs to help equip the site, and the Oblast State Administration allocated funding from the Oblast budget for the overall renovation of the building.

### OTHER COUNTRIES

#### BELARUS

- As of 1 August, **32,435 refugees** from Ukraine have been recorded in Belarus.

#### ESTONIA

- As of 1 September, **50,450 refugees** from Ukraine have been recorded in Belarus.

**Coordination:** On 13 September, UNHCR organized the Estonia Refugee Response Plan (RRP) 2024 planning briefing. The participants received an introduction to the RRP, UNHCR’s role in Estonia, key priorities, findings from protection monitoring, and the RRP’s schedule.

**Field monitoring:** On 12 September, UNHCR visited the border crossing point Narva-1 between Estonia and the Russian Federation. UNHCR noted the presence of posters regarding international protection and leaflets with information from the Estonian Human Rights Centre regarding asylum claims.

#### GEORGIA

- As of 25 July, **27,000 refugees** from Ukraine have been recorded in Georgia.

**Cash assistance:** The government has so far provided cash assistance to 3,500 refugee families from Ukraine. As of 26 September, around 600 Ukrainians have been provided with multi-purpose cash assistance from UNHCR.
Counselling: So far in 2023, around 4,200 Ukrainians have been counselled on social, legal and protection related matters by UNHCR and its partners.

Healthcare: 142 refugees from Ukraine have been provided MHPSS support and healthcare counselling/referrals by UNHCR and its partner World Vision Georgia.

Info-sharing sessions on education: In preparation to the new school year 2023-2024, UNHCR in cooperation with the Ministry of Education and Science of Georgia prepared a comprehensive brochure on frequently asked questions about general education as well as recognition procedures in Georgia. UNICEF colleagues also contributed to the development of the brochure.

Socio-economic inclusion: As of September 2023, over 387 refugees from Ukraine benefitted from job counselling provided by UNHCR partners.

LATVIA

As of 15 August, **32,470 refugees** from Ukraine have been recorded in Latvia.

Counselling: In September, the Information Centre in Riga managed by UNHCR partner I Want to Help Refugees (GPB) responded to nearly 80 enquiries received from refugees from Ukraine. Main questions related to Latvian language courses, filling out documents, social support, transportation services, and medical assistance. A total of 3,814 refugees and asylum-seekers have been assisted by GPB so far in 2023 through this Information Centre and other outreach activities in border areas and municipalities.

Monitoring: In September, UNHCR and partner GPB started conducting the Multi-Sector Needs Assessment (MSNA) and completed 68 interviews among refugees from Ukraine. Out of interviewed individuals, some 80 per cent are employed or have a business. Some 50 per cent live in rented accommodation and 23 per cent stay in a hotel or collective accommodation. When asked about the most urgent needs, 26 per cent of refugee respondents participating in the interviews shared that employment is their most urgent need.

LITHUANIA

As of 15 September, **49,970 refugees** from Ukraine have been recorded in Lithuania.

Coordination: On 13 September, UNHCR discussed with the asylum authorities issues related to the registration procedures for new arrivals; information about support and services; vulnerability assessment and referrals. On 21 September, UNHCR discussed with the Ministry of Social Security and Labour UNHCR’s monitoring findings to address gaps, such as referrals and follow up regarding vulnerable refugees from Ukraine. Good practice examples observed in municipalities were also shared with the authorities.

RUSSIAN FEDERATION

Counselling: So far in 2023, **14,247 refugees** from Ukraine have been counselled in person by UNHCR and partners in urban areas, while 10,652 have been counselled in the border regions of Belgorod, Kursk, Rostov-on-Don and Voronezh. Over 44,345 refugees have been counselled via the telephone hotline by UNHCR and partners.

MHPSS: So far in 2023, **18,886 refugees** have received psychosocial support through partners in the Russian Federation.
In Ukraine, UNHCR leads three Clusters, namely Camp Coordination and Camp Management (CCCM), Protection, and Shelter and Non-Food Items (NFI). The CCCM Cluster was activated in March 2022 and coordinates eleven UN and NGO partners across three hubs, with the aim of supporting 400,000 people in collective sites in 2023. The Protection Cluster consists of 136 partners, including sub-clusters (57 partners under General Protection) and operates through five coordination hubs to reach an anticipated 7 million people in 2023. The Shelter and NFI Cluster coordinates 97 active partners across five coordination hubs, targeting 3.3 million people in 2023 with NFI kits, emergency shelter and housing repairs. UNHCR also co-chairs the Protection Strategy Working Group under the Humanitarian Country Team, and the Accountability to Affected Populations Working Group. Through its leadership in these areas, UNHCR promotes the centrality of protection, as well as meaningful engagement and participation across the response.

The 2023 RRP aims to ensure refugees’ access to protection and assistance on a non-discriminatory basis, with a particular focus on refugees at risk of becoming vulnerable. The 2023 plan also places an emphasis on refugees’ socio-economic inclusion, in recognition of the challenges faced by refugees due to their prolonged displacement. Support is foreseen to institutions, services and facilities used both by refugees and members of host communities, which remain crucial for promoting solidarity and social cohesion between refugee and host communities. Inter-agency Refugee Coordination Forums led by UNHCR, as well as specific sectoral groups, will continue working at country level in Belarus, Bulgaria, Estonia, the Czech Republic, Hungary, Latvia, Lithuania, Poland, the Republic of Moldova, Romania, and Slovakia to support the efforts of the concerned governments.
