South Central Dashboard

Total Displacements from South Central: 64,000

Sources of Displacement
Where are these IDPs coming from?

Total Displacements within Somalia: 71,000

Areas Receiving IDPs
Where did these IDPs travel to?

Correlation of IDPs
Correlation is comparison between sources and areas receiving displacements. A region with a bigger blue pie indicates more IDPs arriving than leaving that region and vice-versa.

Between 1 September and 28 October 2011, displacements were mainly recorded in South Central with approximately 64,000 out of 71,000 displacements recorded in all three regions. 26,000 displaced people reported drought as the major cause of displacement in South Central followed by insecurity (25,000), forced return (10,000), lack of livelihood (2,900) and clan conflict (200). The displacements originated mainly from Mogadishu (16,000), Shabelle Hoose (15,000), Bay (13,000) and Gedo (9,000) regions. The IDPs moved to Mogadishu (22,000*), Gedo (15,000), Shabelle Hoose (5,700) among other regions.
