The information presented cannot be guaranteed for an exhaustive picture of the situation at a given time and is based on a census of the refugee population. The geographical areas displayed here should be interpreted with caution as their interpretation largely depends on an estimated population size at the 'Basic Service Unit' level. The present map reflects a snapshot at a given time and as such should not be taken as absolute. The data from this assessment can be used to discover characteristic patterns but is not legally valid for case-based decisions.
