File sharing and editing options: Child Protection Sector

	What is it?	How the group could use it?	Pros	Cons
Facebook	Social media site for sharing information/pictures/location Documents can also be shared	Private Page – group admin required, IM/backup	No cost Many people can use and understand it Informal for comments and communication	Most recent documents at the top, cannot categorize Social site so may not want to mix with work
Dropbox	File sharing service	Dropbox account to share working and final documents Would require training, development of honor system	Many people use and understand it Can categorize documents	Nominal cost, \$99 annually to have reasonable storage space Sharing only, can't communicate
Google Docs	File sharing and editing service	To share, edit and comment on documents as a group	Easy to access No cost	All would need a gmail or google account to edit documents
Skype Group	Used to call and message, suitable for bilateral and groups	To share documents and discuss informally	Many people can use and understand More suitable for informal use No cost	Lots of alerts and topics may be relevant for all
