SERVICES FOR SYRIANS
REGISTERED WITH UNHCR IN GREATER CAIRO

September 2017
USEFUL FACTS FOR SYRIAN REFUGEES

Why register with UNHCR?

Registration allows you and your family to formalize your stay as asylum-seekers in Egypt. You will receive an “Asylum Seeker Card” - or a “Yellow Card” - a document that will help you with your daily interaction with Egyptian authorities and partners. Registering with UNHCR facilitates residency and will protect you and your family from being returned to Syria.

UNHCR Yellow Card is Valid For 18 Months

What happens if I do not renew my UNHCR documentation after 18 months?

• You and your family will not be entitled to receive services and assistance from UNHCR and its partners or WFP food assistance.
• Your case will be deactivated until the moment you approach UNHCR again.
Why is UNHCR doing iris scanning?

- Every one of us has a unique iris and unique fingerprints.
- By recording your iris information and fingerprints upon your registration, UNHCR can avoid registering anyone more than once and thus protects your identity.

Residence Permit

Once you have received your asylum-seeker registration card (yellow card) or refugee registration card (blue card), you are obliged to obtain a legal residence permit (sticker) in order to legalize your stay in Egypt.

How can I close my file with UNHCR?

If you are registered with UNHCR and wish to withdraw your application, you should contact the Infoline to schedule your closure appointment. UNHCR would like to be provided with clear reasons for why you wish to close your file.

Resettlement

- Resettlement is not a right. A small percentage of refugees with particular vulnerabilities will be resettled from Egypt.
- Only a resettlement country can decide who can resettle. UNHCR can only recommend a refugee for resettlement in accordance with the criteria and regulations of the resettlement countries.
- Refugees cannot choose their resettlement country.
- Refugees cannot apply for resettlement. If a refugee fits the criteria, s/he will be contacted by UNHCR.
- Refugees should not pay money to obtain resettlement. This is considered fraud.
UNHCR Zamalek Registration Center

UNHCR provides Syrian refugees with protection and assistance in coordination with the Egyptian Government and partners. Protection includes registration and documentation of asylum seekers, and referral to legal services.

The Zamalek Registration Center is for Syrian refugees residing in the following governorates:

Syrian refugees residing in the following governorates should approach the UNHCR office in Alexandria:

*Alexandria, Damietta, Beheira, Dakahlia, Gharbeya, Kafr el Sheikh, Marsa Matrouh, and Port Said*

Refugees residing outside the above governorates may contact our Infoline or approach the Zamalek Registration Center.

**In order not to make unnecessary travels and/or if you are not sure which office you should approach, please contact the UNHCR Infoline or send a private message through our UNHCR Facebook page.**

Procedures for obtaining Residence Permit

For Refugees and Asylum Seekers in Egypt

Why do I need a valid residence permit?

The importance of having a valid residence permit in Egypt: Every foreigner, including refugees and asylum seekers, staying in the Arab Republic of Egypt is obliged to have a valid residence permit. Without a valid residence permit, this foreigner would be staying illegally in the country, which is punishable under Egyptian laws. You could face legal proceedings, arrest and detention if you are found to be staying illegally in Egypt. Therefore, you are advised not only to obtain your residence permit after registration with UNHCR but also to renew it when it expires.

How do I obtain a residency permit in Egypt?

Steps to undertake to obtain the residence permit:

1. You should approach the Ministry of Foreign Affairs (MFA), located at Corniche El Nil, within a period of 15 days after receiving your UNHCR Registration card. At the Ministry, go to the Department of Refugees, located at the back gate of the Ministry of Foreign Affairs, where you will be provided with a reference number.

2. You must go the Residence Unit of the Immigration Department of the Ministry of Interior 15-20 days after approaching the MFA. You must take with you the reference number issued by the MFA.

3. The Unit in charge of residence permits for asylum-seekers and refugees is located on the 1st floor, Window # 52, at Mogamma Al-Tahrir, in Tahrir Square. At the window #52 you will be provided with a new reference number and you will take this new number to Window #19. There, you will be requested to submit all necessary documents, including a one-page residence application form and a stamp for this application form.

4. Around 10 to 14 days later, as indicated by the officials of the Residence Unit, you will return to the Residence Unit of the Immigration Department of the Ministry of Interior, where you will obtain the legal residence sticker on your UNHCR card.

It is important that the principal applicant and his/her spouse be present at the Ministry of Foreign Affairs (MFA). After going to the MFA, go to the Mogamma to obtain the residence permit. Minor children are not required to attend.
Documents required by the Mogamma:

1. All UNHCR issued registration cards of the family members and dependents registered with you in Egypt.
2. Original passport of the family members and dependents registered with you in Egypt.
3. Reference number which you obtained from the Ministry of Foreign Affairs.
4. Two passport-sized photos of yourself. Photos of your dependents are not needed unless they are 12 years old and above, and issued with a separate UNHCR documentation card.
5. Copies of both your passport(s) and your UNHCR issued registration document(s).

Are there any fees that I have to pay?

The application form for the residence permit is available at the Immigration Department at Mogamma and is free of charge. You will have to pay LE 11.5 to buy a stamp for the residence application form, as advised upon presentation at Window # 19, from the Cashier at Window # 44 at the Immigration Department.

What type of residence permit will I be issued?

You will be granted with a regular legal non-tourist residence permit, for an initial period of 6 months, which will be renewable as long as you remain a person of concern to UNHCR in Egypt.

How do I renew my residence-permit?

- The same steps and procedures should be undertaken to renew the residence permit. In this case, you will have to bring copies of the passport(s), UN registration card(s), one passport photo, and a copy of the previous visa. It is highly recommended to start renewing the residency permit four weeks prior to the date of expiry of the old one.
- If you have entered the country illegally or have lost your passport, you will have to request a new reference number with the MFA and then approach the Mogamma.
- The residence permit can only be completed at the Mogamma in Cairo. You will need to be there to finalize all formalities, regardless of your area/city of residence in Egypt.
