Q3: WHAT ARE THE MAIN LEGAL RIGHTS OF WORKERS IN JORDAN?
1. The right to an employment contract.
2. The right to a minimum wage.
3. The right to have a day off on Friday unless the nature of the work requires otherwise. In that case, the day off may be any other day of the week.
4. Every worker has the right to 14 days of annual leave. After 5 consecutive years with the same employer, the entitlement becomes 21 days of annual leave.

5. Each worker has the right to 14 days of full paid sick leave during one year based on a certified medical report. The sick leave may be renewed for another 14 days with full pay based on a medical report by a medical committee.

6. Maximum working hours are up to 48 hours per week. If an employee works for more than eight hours per day and 48 hours per week, he/she is entitled to overtime compensation. Time allocated for food and rest is not considered part of the working hours.

Q4: SHOULD YOU PAY FOR THE WORK PERMIT?
Work permits are free of charge. As a practice, the 10 JODs processing fee requested by Ministry of Labour may need to be paid by the employee. In the agricultural sector and the construction sector the employee needs to pay the 10JODs processing fee and additional 2 JODs to the service providers. Syrians applying for a work permit in the construction sector will also need 45 JOD to cover the cost of mandatory insurance.

Q5: CAN YOU KEEP YOUR REFUGEES STATUS AFTER OBTAINING LEGAL EMPLOYMENT AND CAN YOU RECEIVE ASSISTANCE?
There will be no change to the status of Syrians registered with UNHCR once you receive your work permit. UNHCR and partner organisations are committed to continue providing assistance based on needs and vulnerabilities.

Q6: ARE YOU STILL CONSIDERED FOR RESETTLEMENT IF THEY HAVE A WORK PERMIT?
Syrian refugees holding work permits may still be considered for UNHCR resettlement to third countries.

Q7: IS ENROLMENT IN THE SOCIAL SECURITY MANDATORY AND WHAT IS IT FOR?
Social Security subscription is mandatory with the exception of household helpers and unskilled agricultural workers. Syrian workers in the construction sector (registered through the General Federation of Jordanian Trade Unions - JFGTU) are exempted from the subscription of Social Security. They have to subscribe to private insurance instead. It is important that the original copy of the signed insurance policy is kept safely so that it can be submitted to the insurance company in case of treatment or in case of compensation for death (within the coverage limits foreseen by the policy itself).

Social security covers: 1- Work-related injuries, 2- Retirement, 3- Disability Insurance, 4- Death insurance, 5- Maternity insurance, 6- Unemployment insurance where applicable.

The subscription is a joint responsibility of the employer and the employee and is to be paid on monthly basis and shall be calculated as follows:

<table>
<thead>
<tr>
<th></th>
<th>%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employer’s contribution to social security</td>
<td>14.25%</td>
</tr>
<tr>
<td>Employee’s contribution to social security</td>
<td>7.50%</td>
</tr>
</tbody>
</table>
Once the employment contract is terminated and the work permit is cancelled, a foreign worker can retrieve what he/she and the employer contributed directly through the Social Security department if contributions are less than 1000 JOD. In the case that contributions are more than 1000 JOD a clearance from the tax department shall be obtained in order to retrieve what he/she and the employer contributed to Social Security.

Q8: CAN CAMP REFUGEES WORK LEGALLY WITH WORK PERMITS?
Refugee camps’ residents can obtain a work permit free of charge to work across the country in occupations open to non-Jordanians. Work permit holders will be able to work outside the camps. The work permit serves as a one month leave permit, facilitating the movement in and out of the camp. Processing feed described above apply.
