## Overview

By the end of May 2018, UNHCR had created 25,110 places in the accommodation scheme as part of the ESTIA programme. These were in 4,297 apartments and 27 buildings, in 21 cities across Greece.

Urban accommodation helps restore a sense of normalcy and provides better access to services, including education and health. People are additionally supported by social workers and interpreters who help them access medical services, employment, language courses and recreational activities.
