### Achievements: Narrative

Trends of OPD consultations, Malaria, RTI and Diarrheas from week 1 to 12, 2018 for Bidibidi

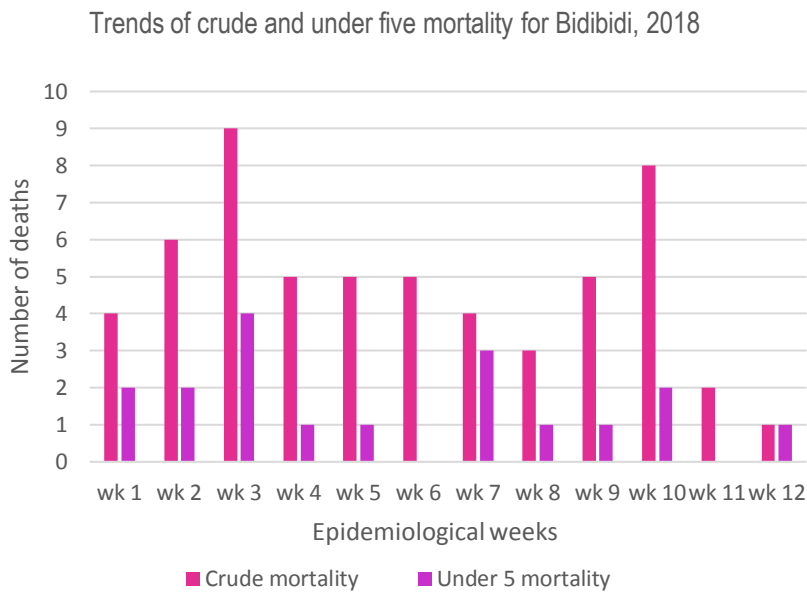

#### OPD Consultations

During the reporting period, a total of 6,916 OPD consultations were made compared to 5,732 reported the previous week. The leading causes of illness (proportional morbidity) were Acute Respiratory Tract Infections/RTI (25.1%), Malaria (11.3%) followed by Watery Diarrhoea/WD (5.6%); this implies that the three top disease conditions contributed about 42% of the total morbidity for the reporting week.

The incidences for Malaria, RTIs and watery diarrhoea this week are estimated at 3, 8 and 2 cases/1,000 persons/week respectively. One case of typhoid was reported while none for Bloody diarrhoea.

No reported cases of measles or meningitis.

▪ **Mortality:**

A total of two (2) deaths (1 F; 1 M) including one under the age of five and one above 60 years were registered (2 Settlement Facilities, 0 community. Probable causes of deaths were as follows: Diabetes Mellitus complications (1) and Prematurity (1).

The Crude Mortality Rate (CMR) and Under 5 mortality rates are estimated at 0.01 and 0.03 deaths/10,000/day respectively, which are both below the emergency threshold of 1 and 2 deaths/10,000/day respectively.

▪ **Mental Health and Psychosocial Support:**

Total number of consultations during the week were 214 (43 new cases and 171 revisits). Consultations were made for Epilepsy (171), Depression (33), Psychosis (19), Drug abuse (7), Suicide attempt (0), and Completed suicide (0).

▪ **Reproductive Health, HIV/AIDS:**

Total for ANC 1 was 180, ANC 4 was 114 and PNC was 204, while 102 deliveries were conducted (with 20 deliveries by nationals). One hundred and ninety four (194) mothers were tested during ANC; none tested positive. The total number of positive clients during the week is 2 and were all enrolled into care.

▪ **Expanded program for immunization, Vitamin A supplementation and deworming:**

A total of 200 doses of DPT 3 and equal doses for PCV3; 134 doses of measles and 130 doses of BCG were administered to children in the settlement; 638 doses of vitamin A supplements and 721 doses of deworming tablets were also given.

▪ **General updates**

- Hepatitis B vaccination campaign started across the settlement
- World TB activities commenced within the settlement; Health Facility TB focal point persons were oriented,

▪ **Challenges**

- The heavy rains continued to disrupt health service delivery in temporary infrastructure; staff accommodation equally uninhabitable for staff since they are leaking

## Nutrition and food security: UNHCR, YDLG, ACF, RMF, UNICEF, CUAMM, WFP, SCI, WVI

#### Achievements: Narrative

- A total of **37** children aged 6-59 months were enrolled in the feeding programs in the reporting period (**3** in ITC, **9** in OTC and **25** in SFP). A total of **2,796** children were screened during the week.
- A total of **1,339** pregnant and lactating women were screened, only **15** was identified and enrolment into the SFP program.
- A total of **2,596** children aged 6-59 months were reached by MCHN while **1,155** Pregnant and Lactating women were reached.
- Six (6) children under OTC and one (1) under ITC recovered, no defaulters or deaths recorded.

#### Infant and Young Child Feeding:

- During this reporting period, a total of **51** mother-baby pairs accessed the 3 mother-baby areas of Yangani (**31**), Ombechi (**10**) and Kiranga (**10**).
- Out of the **51** mother-baby pairs mentioned above, **01** pair was accessing MBAs for the first time this year while **50** came for follow up visits.
- All Mother- Baby pairs were assessed, those with breastfeeding difficulties received full assessment, and then one-on-one skilled counselling was offered. Mothers and caretakers without breastfeeding difficulties were given key messages concerning appropriate Infant and Young Child Feeding in Emergencies, and some came to breastfeed.
- A total of **191** homes were visited- 54 referrals were made; 22 for MBA services and 03 for ANC while 11 for medical services
