### BASIC INFORMATION

#### POPULATION FIGURES
- The figures in this report were updated to reflect the results of continuous biometric registration and verification exercises in countries of asylum.
- The figures include additions (new arrivals and births) and subtractions (departures, deaths, no-shows during food distributions and deactivations).

#### 2019-2020 RRRP
- UNHCR, together with 57 humanitarian and development partners launched the revised 2019-2020 Regional Refugee Response Plan (RRRP) on 30 June 2019 to help respond to the needs of Congolese refugees in Africa.

#### FUNDING
- The interagency 2019-2020 Regional Refugee Response Plan (RRRP) for the DRC situation received **$127 million**, representing only **18 per cent** of the total requirements for 2019, which amount to **$ 720 million**.
