Serbia

Serbia hosts over 6,000 new asylum-seekers and refugees, over 26,200 refugees and 198,500 IDPs from the ex-Yugoslavia region, and some 1,950 persons at risk of statelessness.

Persons in need of international protection amongst newly arriving third country nationals (around 30,200 in 2019) are supported in requesting and being granted asylum and local integration. Most displaced from the region have found solutions, while cases and threat of statelessness have been reduced.

UNHCR continues to support the Government in strengthening the national asylum system to secure institutional protection and sustainable solutions.
