SITUATION OVERVIEW
Over 744,000 Rohingya refugees have fled violence from Myanmar’s Rakhine state since August 2017 and are hosted in Bangladesh. Most of the refugees rely on humanitarian assistance, having left with few possessions and exhausted their financial resources during the journey.

More than 859,000 Rohingya refugee women, men, girls and boys are hosted in Cox’s Bazar District, including 34,172 registered refugees who arrived in the 1990s (4%), and other unregistered Rohingya refugees who had settled in host communities prior to August 2017. Children make up 52% of the total refugee population and women and girls make up 25%. One in three refugee families have at least one easily identifiable protection vulnerability. Whilst the pace of arrivals has decreased, refugees continue to arrive in Bangladesh, as of end of August 2019.

The dashboard monitors the monthly achievements of selected indicators from the 2020 country operations plan for each strategic area of activity with cumulative key figures and monthly highlights.

PROTECTION

824,101 refugees participated in the joint Government of Bangladesh-UNHCR registration exercise.

191 refugees and community leaders attended legal awareness raising sessions.

12,547 complaints received under the community-based complaints mechanism.

25,869 children benefiting from psychosocial counselling.

60 partners, government and UNHCR staff trained on SGBV prevention and response.

PROGRESS AGAINST 2020 TARGETS

- # of refugees who received legal assistance: 3,458 (24% of 14,295, exceeding target by >100%)
- # of community groups supported to enhance community self-management: 209
- # of refugees with disabilities (including elderly) provided physical rehabilitation assistance: 550
- # of community-led initiatives supported by humanitarian actors (including CBP and CP): 760
- % of community-based child protection mechanisms that monitor, respond and mitigate risks to children: 21
- # of community-based committees/groups working on SGBV prevention and response: 5
- # of reported SGBV incidents for which survivors receive psychosocial counselling: 767 (19% of 4,000)

EDUCATION

1,638 community education committee members (CEC).

1,297 teachers recruited, trained and deployed.

1,703 learning facilities (CC/CR/GBLF/CBF) classrooms in primary and lower secondary schools.

PROGRESS AGAINST 2020 TARGETS

- # of children enrolled in primary and early childhood education: 54,436 (85% of 63,935, exceeding target by 8%)
- # of students enrolled in lower secondary education and youth lifelong learning program: 4,873 (48% of 10,215, exceeding target by 2%)
- # of educational facilities constructed or improved: 482 (88% of 548, exceeding target by 17%)

* % of children aged 6-59 months identified as acutely malnourished

HEALTH & NUTRITION

99,006 primary health care consultations conducted.

972 deliveries conducted by skilled attendant in health facilities.

1,625 specialist mental health consultations provided.

PROGRESS AGAINST 2020 TARGETS

- # of health facilities equipped/rehabilitated: 23 (92% of 25, exceeding target by 72%)
- # of patients referred to secondary and tertiary medical care: 959 (19% of 5,000, exceeding target by 19%)
- Prevalence of global acute malnutrition (6-59 months)*: 2.0 (9.5% of 10.0, exceeding target by 5%)
- # of new admissions to community management of acute malnutrition programmes: 3,071 (14% of 22,073, exceeding target by 684%)

* % of children aged 6-59 months identified as acutely malnourished

ACHIEVEMENTS (FEBRUARY 2020)

- 12,343 refugees participated in phase III of the joint Government of Bangladesh-UNHCR registration exercise.
- 105 refugees and 17 community leaders attended awareness raising sessions.
- 39 monitoring visits to detention centres were conducted.
- 7,012 complaints received under the community-based complaints mechanism and 309 new community groups have been supported.
- 1,854 adolescents participated in targeted programmes.
- 24 partners, government and UNHCR staff trained on SGBV prevention and response.
- 44,675 primary health care consultations and 972 deliveries conducted by skilled attendant in health facilities.
- 721 mental health consultation were conducted.

All indicators are based on 2020 UNHCR operation plan.
