Dashboard
COVID-19 Outbreak Response Coordination Group for the 9 temporary shelters along the Thai-Myanmar border

24 April 2020

Risk Communication
ADRA (COERR, UNHCR, TBC)*
Key Issue Outreach to refugees in context of social distancing
■ Ongoing sharing of COVID-19 prevention and response messages with refugees
■ Risk Communication and Community Engagement Strategy (RCCE) under development in consultation with camp committees
■ Guidance for vulnerable families on mental health and wellbeing under development
■ Provision of cloth masks to refugees

Case Management
IRC (MI)*
Key Issue Currently no secured testing or referral facilities for 4 camps (~32,000 people) in Mae Hong Son Province.
■ Presently locating and preparing COVID-19 Treatment facilities
■ Engaged with Shoklo Malaria Research Unit to ascertain capacity to do testing for Ma Hong Son camps
■ Initiated development of case management protocols
■ Initiated procurement of pharma and supplies
■ Enacted measures to reduce overall patient load at health facilities

Surveillance, Case Investigation and Outbreak Rapid Response
IRC (MI, CDC, WHO, MOPH, MOI)*
Key Issue Different approaches to quarantine measures applied across camps.
■ Displaced Persons in Thailand Guidelines for Prevention, Surveillance, Investigation, and Mitigation of COVID-19 near completion and approval by MoPH
■ All surveillance staff trained and applying current MoPH case definition
■ Triage conducted at all camp hospitals to cohort and screen patients with symptoms
■ Community surveillance systems operating in all nine camps
■ Ongoing support to Thai officials conducting screening at entry/exit gates
■ Contact tracing training for community health workers completed in some camps and ongoing in others
■ Transit isolation rooms identified and ready for patients awaiting referral

Infection Prevention and Control (IPC)
IRC (MI, CDC)*
Key Issue Unpredictable supply of personal protective equipment (PPE)
■ Hospital-based COVID-19 SOPs developed and trainings conducted for all health care staff in nine camps
■ Decontamination SOPs under development, training of appropriate staff underway
■ IPC detailed refresher training delivered to local authorities and camp security
■ Soap and water supplies provided to support continuous operation of handwashing at camp entry/exit points
■ Setting-up of additional handwashing sites in all 9 camps underway
■ Hand hygiene at household level supported by community engagement team

Food
TBC
Key Issue Increasing vulnerability and dependency on assistance in the long term
■ COVID-19 transmission mitigation guidance issued to food vendors, suppliers and warehouses
■ Food vendors provided with soap, alcohol and bleach to sanitize shops
■ Handwashing stations installed at shops and warehouses
■ SOPs for quarantine/isolation conditions developed, in coordination with nutrition teams, health actors and camp committees
■ Strategy developed to ensure refugees’ continued access to basic food items and cooking fuel

Protection and Advocacy
UNHCR (CCSDPT agencies, KWO, KnWO, KRC, KnRC)*
Key Issue Inclusion of refugees in national surveillance, response, and planning
■ Continued advocacy on inclusion of refugees in the RTG’s national surveillance, response and planning activities for COVID-19
■ Supporting mainstreaming of protection in the work of other pillars
■ Ensuring continued delivery of protection services for the most vulnerable
■ Ensuring continued regular and effective protection monitoring, including access to reporting channels for SGBV survivors and other serious protection cases
■ Delivering technical support for remote case management to camp-based staff and CBOs to ensure continuity of protection services
