SITUATION OVERVIEW
More than 861,500* Rohingya refugee women, men, girls and boys are hosted in Cox’s Bazar District in Bangladesh, including 35,060 registered refugees who arrived in the 1990s (4%), and other unregistered Rohingya refugees who had settled in host communities prior to August 2017. Children make up 52% of the total refugee population and women and girls make up 51%.

The humanitarian situation in Cox’s Bazar has been affected by the spread of the COVID-19 pandemic. In Cox’s Bazar, only critical activities continue within the refugee camps although discussions with RRRCC are ongoing on progressive and cautious increase of activities implemented. UNHCR continues to provide critical services focusing on Protection, Health, WASH, nutrition, fuel support (LPG) and other non-food items, and other activities as part of its communication with the community.

This dashboard monitors the progress being made to deliver protection and assistance activities with reference to selected indicators from UNHCR Bangladesh’s 2020 country operations plan. It provides an overview for each strategic area of activity with cumulative key figures and monthly highlights.

*Refugee registration is ongoing exercise which includes registration of new born, registration of newly arrival and deceased individuals.

PROTECTION

KEY FIGURES
861,545 refugees registered through the joint Government of Bangladesh-UNHCR registration exercise.
7,427 refugees and community leaders attended legal awareness raising sessions.
36,778 complaints received under the community-based complaints mechanism.
57,708 girls and boys benefiting from a gender and diversity-sensitive structured and sustained mental health and psychological support service.
1,693 partners, government and UNHCR staff trained on SGBV prevention and response.

**CBCPMs = Community-based child protection mechanisms.**

PROGRESS AGAINST 2020 TARGETS

Achieved
Progress
Gap
Target

- # of distinct refugees registered on an individual basis whose data has been updated: 126,247
- # of new admissions to community management of acute malnutrition programmes: 18,545
- # of community groups supported to enhance community self-management: 120
- # of community-led initiatives supported by humanitarian actors (Including CBP and CP): 4,635
- # of people reached by community-led messaging on SGBV: 187,208
- # of new admissions to community management of acute malnutrition programmes: 18,545

ACHIEVEMENTS (SEPTEMBER 2020)

- 34,121 individuals whose records have been updated as part of the joint exercise.
- 139 PoC (Person of concern) with disabilities received specific support.
- 7,653 complaints received under the community-based complaints mechanism.
- 270 partners, government and UNHCR staff have been trained SGBV prevention and response.
- 23 monitoring visits were conducted to detention centres.

EDUCATION

KEY FIGURES
1,638 community education committee members (CEC).
1,311 teachers recruited, trained and deployed.
1,703 learning facilities (Learning Centers, Community Based Early Childhood Development (in areas, Community Based Learning Platforms for children in primary and lower secondary schools).

PROGRESS AGAINST 2020 TARGETS

Achieved
Progress
Gap
Target

- # of children enrolled in primary and early childhood education: 54,851
- # of new admissions to community management of acute malnutrition programmes: 25
- # of students enrolled in lower secondary education and youth lifelong learning program: 5,390
- # of new admissions to community management of acute malnutrition programmes: 25
- # of educational facilities constructed or improved: 482
- # of new admissions to community management of acute malnutrition programmes: 25

ACHIEVEMENTS (SEPTEMBER 2020)

- Due to COVID-19 pandemic the usual learning activities have been suspended. Nonetheless, UNHCR worked with the education sector partners to disseminate caregiver-led education guidelines in the camps to support caregivers and parents in facilitating some learning in their homes while the facilities remain closed.

HEALTH & NUTRITION

KEY FIGURES
