As we are moving towards the beginning of 2021, partners may now have some clarity on your received / anticipated funding. The group will run a verification exercise to look at the discrepancy between the total projection amount (133,968,375 USD) and the 2021 JRP planning index (69,850,000 USD). Partners will individually review their projections and try to make them more accurate/realistic.
