Introduction

Following the military confrontations in the Tigray region of Ethiopia between federal and regional forces in November 2020 high numbers of refugees have crossed into Kassala and Gedaref State in Eastern Sudan leading to an emergency that has overwhelmed existing response capacities. On 25 November 2020 the UNHCR High Commissioner launched the Inter-Agency Refugee Emergency Response Plan – Refugee Influx from Ethiopia which asks for USD 147.6 million to provide lifesaving assistance for 100,000 refugees in Eastern Sudan until June 2021. Based on partner reports the appeal is currently 57% funded.
