1,100 Individuals benefited through innovative community spaces created using Refugee Housing Units (RHUs). Thus far 46, (14%) RHUs have been erected against an overall target of 320.

USE OF REFUGEE HOUSING UNITS (RHU)

43
COMMUNITY CENTERS
Erected to allow individuals with diverse backgrounds to meet for social events, recreation, educational opportunities, livelihoods programs, information exchange, and other purposes, providing a forum to promote their participation in decisions that affect their lives.

TRANSIT CENTERS
Erected to provide additional space in UNHCR’s repatriation processing centers where returnees receive basic healthcare, malnutrition screening, mine risk education, back to school information, legal counseling, SIM card distribution, and SGBV awareness raising, along with child friendly spaces and transit accommodation.

HEALTH CLINICS
Erected to help alleviate health disparities in vulnerable communities, offering space for urgent care clinics and preventative health screening, and to store vaccinations, medications and other supplies.

SCHOOL CLASSROOM
Erected to provide students with a more conducive and safer environment in which to study, with additional classrooms that have proper ventilation, enough space to sit, and protection from rain, sunlight, wind, and dust.
