access to information on Resettlement case status

Integrity measures
Identification
Identity Verification (IRIS scan)
Audit procedures Anti-fraud procedures

Resettlement is an important gesture of responsibility sharing and solidarity with the government of Jordan.

Resettlement is also a durable solution and a protection tool.

UNHCR follows a one refugee approach and prioritizes refugees of all nationalities for resettlement according to protection needs.

Through remote resettlement procedures, UNHCR was able to utilize all available quotas in 2020.

www.unhcr.org/jo | Thank you to the countries receiving resettlement submissions from Jordan in 2021
