Greece
31 August 2022

The war in Ukraine forcibly brought 75,942 Ukrainians, mostly women and children, to Greece. By mid-August, 18,663 Ukrainians had received temporary protection and 19,830 had registered their applications. Implementing the National Integration Strategy can accelerate refugees’ integration and boost Greece’s economic growth and demographic deficit. UNHCR works with the State to pilot projects that advance refugees’ integration.

UKRAINE RESPONSE

Coordination: The Government of Greece is coordinating the response to refugees from Ukraine with the support of UN agencies, NGOs, local authorities, civil society organizations, volunteers, and the private sector.

Needs: Long-term accommodation, finding work, accessing healthcare and education are among the top concerns of Ukrainian refugees in Greece.

Evidence-based advice: UNHCR led an inter-agency assessment of the needs of Ukrainian refugees to help inform the Government and organizations on how to address them.

Support to the most vulnerable: UNHCR scaled up its support in protecting children, preventing gender-based violence and communicating with refugee communities.

In 2022, UNHCR continued to receive reports of human rights violations in the context of border management operations and has urged the authorities to conduct thorough investigations on all reported incidents.

“United We Play”
Football brings children together on Lesvos island

On 9 July, at the Municipal Stadium of Lesvos, over 100 children from the local football academies, unaccompanied refugee children and children living in the reception centre of the island, as well as Greek football legends, participated in a solidarity football tournament. UNHCR partners globally with UEFA to support refugees’ access to sports through such activities. You may read more here.
Key Priorities

- **Institutional strengthening:** UNHCR pilots good practices, deploys staff and provides training and advice to help the State strengthen systems and expertise on asylum, reception and durable solutions.

- **Advocacy:** UNHCR raises with the authorities and key actors critical matters that affect the rights of refugees and asylum-seekers, including on access to territory and fair procedures, so as to trigger legal and policy change.

- **Protection:** With staff at six field locations and through a dedicated helpline, UNHCR monitors the situation of asylum-seekers and refugees, provides support to asylum-seekers with information sessions and makes interventions and referrals to services where they can get expert help.

- **Legal aid:** UNHCR offers personalized legal aid via specialised partners to help asylum-seekers and refugees obtain equal access to their rights.

- **Integration:** Engaging with refugee communities, UNHCR identifies skills and experience, maps intentions and needs and works with the public and private sector to create livelihood opportunities.

- **Persons with specific needs:** To those most at risk, such as unaccompanied children or survivors of sexual violence, UNHCR provides psychosocial support, emergency shelter and/or foster care. UNHCR also links refugees with disabilities to the national social protection system and job offers.

- **Community empowerment and self-reliance:** UNHCR mobilizes refugees to create support networks, from addressing mental health issues to training youth to help their peers.

- **Relocation:** UNHCR supports the relocation of unaccompanied children and other vulnerable groups from Greece to other European States.
