

KEY FACT OF THE MONTH

Participation in empowerment activities already exceeded the end-2014 target

HIGHLIGHTS:

31,050 Syrian refugees were registered in September, and 24,250 requested appointments. This was the lowest number of newly registered refugees since the beginning of the year and a 40 % reduction compared to new registrations in the first few months of 2014. The average waiting period countrywide increased by nine days to 31 days. The increase of the waiting period was due to resources being re-allocated to the verification process. By the end of September, 1,185,378 Syrian refugees were registered or awaiting registration. The number of PRS recorded with UNRWA stabilized at almost 43,400.

In September, legal awareness sessions were provided to approximately 9,000 individuals. This constituted a 30% increase over the previous month, partly due to intensification of legal awareness regarding a circular facilitating regularization of stay in Lebanon. The total number of refugees that have participated in legal awareness sessions in 2014 stands at over 92,367 persons.

UNHCR REGISTRATION FIGURES

 1,164,004	Total
1,140,585	Registered*
23,419	Awaiting

* Reduction on total number registered is due to routine data cleanup and verification.

With continued high needs for individual legal counseling, 2,792 individuals benefited from legal counseling, in particular in respect to obtainment of civil or legal stay documentation. Since the beginning of the year, over 24,000 refugees have been provided individual legal counseling in order to access their rights.

In September, 13,365 individuals, 65% of whom were female, benefited from empowerment activities, primarily group information

sessions to increase awareness of available services and assistance. Since the beginning of the year, over 145,000 persons have benefited from these types of activities, already exceeding the end-2014 target.

At the field level and in Beirut, protection partners continued to monitor the effects of the border restrictions and the gratis regularization process through General Security.

In September, 1,505 persons were submitted for resettlement or humanitarian admission, bringing the total number of persons submitted for relocation in a third country to over 6,000 in 2014.

NEEDS ANALYSIS:

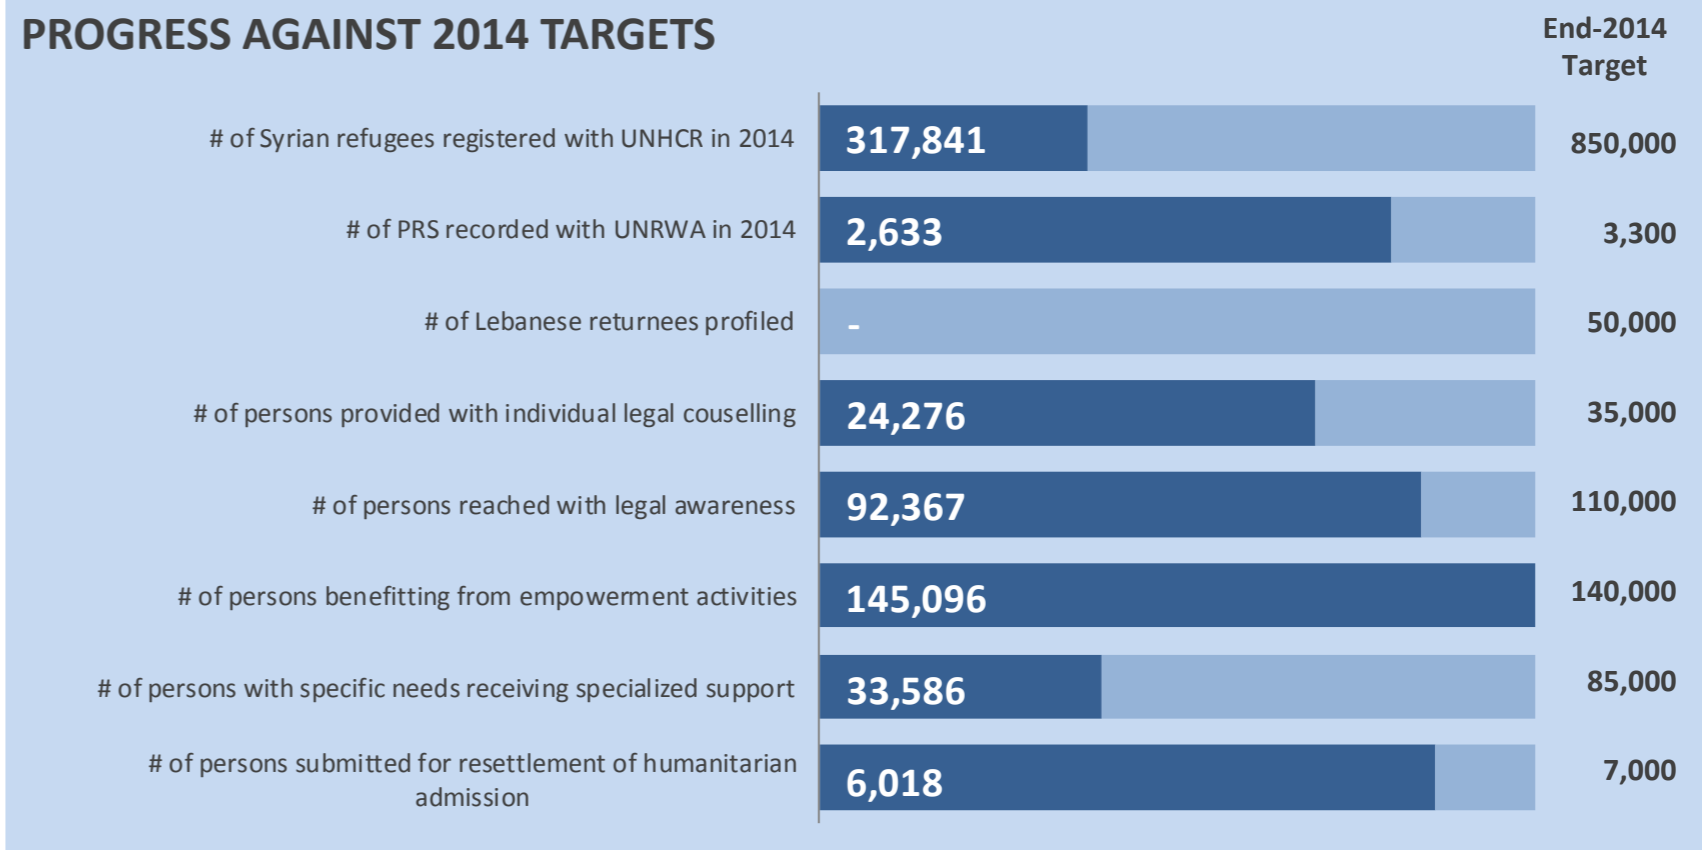

While targeting new registrants, registration will focus on the process of renewal/verification in order to update data and foster accuracy. Efforts to improve access to registration will continue through various modalities, including transport support to registration facilities.

The efforts of legal partners to intensify legal awareness sessions and individual legal counseling will ensure that refugees benefit from the gratis regularization initiative.

Systematic protection monitoring by sector partners will contribute to increased analysis of common protection issues and trends countrywide. Particular attention will be devoted to the growing eviction trends affecting vulnerable refugee families throughout the country. Monitoring of eviction trends has been reinforced through improved information collection tools across the country, and the protection sector is coordinating with the shelter sector, particularly through field-based Eviction Committees/Technical Groups. Through these mechanisms, results of field strategies for preventive interventions, through mediation or legal advice, are decided. In coordination with the shelter sector, criteria are developed for prioritization in allocation of shelter assistance to families with specific needs as well as those who have been forcibly evicted.

Following the recent restrictions on entry into Lebanon, intensified border monitoring and border interventions will contribute to persons seeking international protection having access to territory.

PROGRESS AGAINST 2014 TARGETS
