YOUTH EMPOWERMENT PYRAMID VISION 2018-2022

Mentoring and Coaching

Objectives of Amaluna

Amaluna aims at providing 1,400 vulnerable Jordanian and Syrian youth 18-24 with Employment opportunities

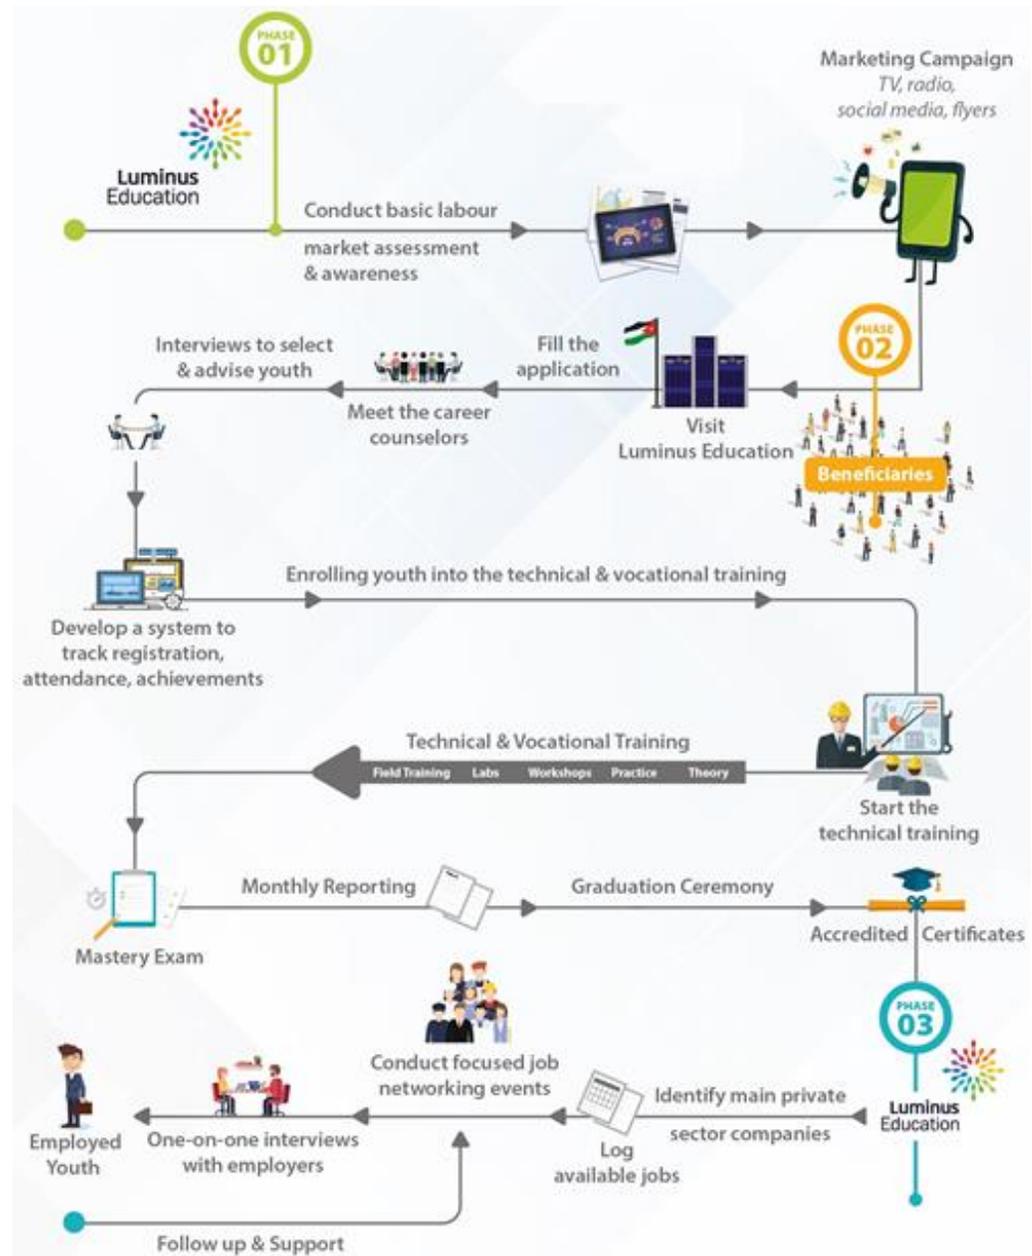

We are working on youth economic engagement by providing technical and vocational skills, life-skills, entrepreneurship skills ,employability skills

The TVET training is demand driven, and through our partners we collaborate with the private sector across different sectors to facilitate access to employment.

The process

- UNICEF has developed a vulnerability criteria in order to reach the most vulnerable youth in Jordan.
 - **Demographics**
 - **Social vulnerability**
 - **Social Assistance/Livelihood**
 - **Health**
 - **Living Conditions**
 - **NEET**
- Through UNHCR we were able to reach almost 2500 across Jordan through SMS and community sessions

What's the plan for the future?

- To scale up our reach in the next 5 years and be able to help more than 30,000 vulnerable youth access employment and be economically engaged.
- To build strategic partnerships with the private sector, maximizing on each other skillset and working together to find sustainable solutions for youth
- working with partners to reach most marginalized youth to access accredited demand driven training and to support in building the capacities of VTCs through our partners.
