

284,957

Reported number of spontaneous refugee returnees*

*This number represents the total returns corroborated from November 2017 to date

***Methodology:**

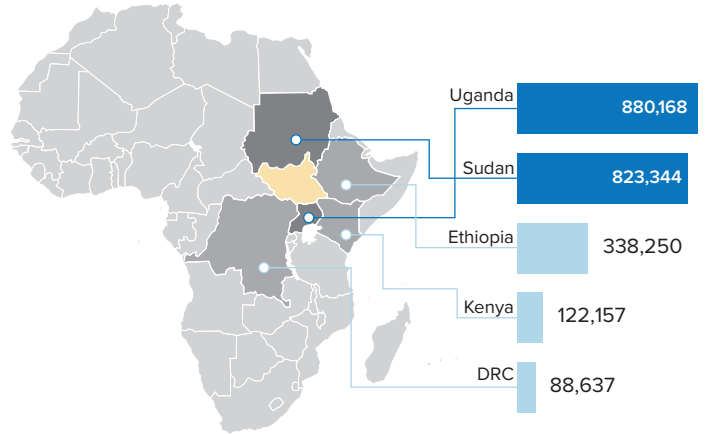

In coordination with the office of the Relief and Rehabilitation Commission (RRC), UNHCR and its partners triangulate received reports at community level in areas of return through focus group discussion, key informant interview as well as through meetings with traditional community leaders, religious leaders, representatives of local administration and law enforcement authorities coupled with the observations by the monitoring teams.

Spontaneous refugee returnees by Country of Asylum

2,252,556

South Sudanese refugees in the region as of 31 March 2020

Spontaneous refugee return trend**

**Historical data might change retroactively due to delayed verification and triangulation of information in return areas

The higher returns reported in Jan 2020 is due to increased access, triangulation and verification of cumulative returns to Central Equatoria State & does not denote marked increase in returns during the period
